

CURRICULUM VITAE - N.M. MISSIRLIS

Name

Nikolaos M. Missirlis

Address

Department of Informatics and Telecommunications,
Section of Theoretical Informatics,
National and Kapodistrian University of Athens,
Panepistimiopolis, 157 84,
Athens, Greece.

Tel.: +(030)2107275103, 7275300

Fax: +(030) 2107275114

Email: nmis@di.uoa.gr

URL: <http://parallel.di.uoa.gr/PSCL/N.Missirlis/>

Academic Qualifications

1975 - 1978: Ph.D, Department of Computer Studies, Loughborough University of Technology, UK.

1970 - 1974: B.Sc. in Applied Mathematics, Department of Mathematics, University of Ioannina, Ioannina, Greece.

Appointments

1995 - today: Professor, Department of Informatics, Section of Theoretical Informatics, University of Athens, Athens, Greece.

1/3-27/5 2013 Visiting Scholar, Department of Applied Mathematics and Statistics, University of Stony Brook, USA.

2006 - 2008 : Visiting Professor, Department of Computer Science, University of Cyprus, Nicosia, Cyprus.

1989 - 1995: Associate Professor, Department of Informatics, Section of Theoretical Informatics, University of Athens, Athens, Greece.

1986 - 1987: a) Visiting Associate Professor, Department of Computer Science, Rutgers University, New Brunswick, New Jersey, U.S.A.
b) Visiting Researcher, Parallel Computing Laboratory, Center for Computer Aids for Industrial Productivity, Rutgers University, New Brunswick, New Jersey, U.S.A.

1985 - 1989: Assistant Professor, Section of Numerical Analysis and Computer Science Department of Mathematics, University of Athens.

1980 - 1985: Lecturer, Section of Numerical Analysis and Computer Science, Department of Mathematics, University of Athens.

Research Interests

Combinatorial Scientific Computing, Parallel Numerical Linear Algebra, Load Balancing, Parallel Computational Fluid Dynamics, Parallel Linear Programming.

Book Publications

1. Numerical Analysis : An algorithmic approach, 2009.
2. Introduction to Programming with C, 2002.
3. Introduction to Data Structures with C, 2002.
4. Pascal and Turbo Pascal, Symmetria, 1992.

5. Data Structures (with Pascal), Symmetria, 1994.

Teaching Activities

Graduate level

1. Numerical Analysis
2. Numerical Linear Algebra
3. Algorithms and Complexity
4. Introduction to Programming
5. Data Structures

Postgraduate level

1. Scientific Computing (Numerical Solution of Partial Differential Equations)
2. Parallel Algorithms

PhD Advisor

1. F. Tzaferis, 1994. Assistant Professor, Department of Informatics and Telecommunications, University of Athens.
2. L. Boukas, 1998. Lecturer, Department of Information and Communication Systems Engineering, Aegean University, Karlovasi, Samos, Greece.
3. G. Karagiorgos 2002. Assistant Professor, Department of Computer Science, Higher Education Technology Institution of Kalamata, Kalamata, Greece.
4. M. Louka, 2010. Post Doctor, Department of Informatics and Telecommunications, Athens, Greece.
5. A. Dimitrakopoulou, PhD student, Department of Informatics and Telecommunications, Athens, Greece.

Projects

- 2004 - 2008: PYTHAGORAS : Distributed Iterative methods for the numerical solution of the Convection – Diffusion equation with application to Weather Prediction Numerical Models. National Project.
- 1999 – 2001: Development of a high accuracy weather prediction system for marine applications. National Project (ΕΠΙΕΤ II).
- 1998 - today: Parallelization of the Princeton Ocean Model. National Project (ΕΠΙΕΤ II).
- 1995 - 1998: Development of a high accuracy numerical weather prediction system on high performance computers. National Project (ΕΠΙΕΤ II).
- 1992 - 1994: Development of parallel methods for the numerical solution of Partial Differential Equations. National Project (ΠΙΝΕΔ).
- 1986 - 1987: Implementation of parallel numerical methods for the Ncube-10 Computer, Parallel Computing Laboratory, Rutgers University, USA.
- 1986 - 1988: Development and Evaluation of Parallel Algorithms. National Program (ΠΙΝΕΔ).

Scientific Publications/Citations

1. 33 publications in journals
2. 44 conference publications

Publications in Journals
